

Transportation Services for Raynham Seniors

GATRA transportation services make everyday life a little easier, especially for seniors who are transitioning from driving. In addition to fixed-route bus service in the Taunton/Raynham area, GATRA provides safe and accessible Dial-A-Ride service for seniors over 60 years and for people with disabilities of any age. Dial-A-Ride is \$1.25 (one way) for trips between Raynham and Taunton or \$10.00 for a 10-ride pass. GATRA, with the help of a grant from the United Way, also offers a long-distance medical transportation service called MedWheels for seniors and persons with disabilities that will travel to Boston hospitals or other medical facilities beyond Taunton. MedWheel trips are limited to 2 times per/month and there is a requested donation of \$10.00 per/ride. **For additional information, call 508-823-8828 or visit the GATRA website at: www.gatra.org.**
